South Amboy, NJ · majidtaseen@gmail.com · (848)-459-4141 · <https://www.linkedin.com/in/taseen-majid/>

SUMMARY

Upcoming Computer Science graduate with a solid foundation in various programming languages and computer systems. Possessing a strong interest in Software and Data Science, pursuing the subject through various courses in College. Has a proven ability to problem solve, communicate effectively, and adapt well to work under pressure. Understands the value of constructive feedback and views it as a way to grow both personally and professionally.

EDUCATION

Rutgers University Computer Science, BS | September 2020 - December 2023
GPA: 3.57 (Deans List), Relevant Coursework: Intro to Data Science, Data Management and Databases, Distributed Systems, Internet Technology, Data Structures and Algorithms, and Computer Architecture.

EXPERIENCE

Verizon Wireless Basking Ridge, NJ
Software Engineering Intern (Cloud Management) June 2021 - August 2021

- Innovatively designed and implemented 10 comprehensive dashboards and metrics, empowering the organization to analyze and track the weekly progress of our enterprise applications with precision and insight.
- Spearheaded the development of an automation tool that revolutionized VM resource optimization, resulting in a remarkable reduction in deployment time, nearly eliminating latency, and significantly enhancing operational efficiency.
- Crafted 6 custom Linux Shell Scripts, providing seamless integration for cross-functional teams to harness the full potential of the automation tool, promoting synergy and process optimization across the organization.

Taz Wrapz & Tintz LLC Bridgewater, NJ
Chief Executive Officer May 2022 - Present

- Successfully established and currently oversee a thriving wrap and tint shop, managing a dedicated team of 2-6 employees to ensure seamless day-to-day operations, exceptional customer service, and the delivery of high-quality vehicle customization services.
- Trained and mentored 5 new technicians, focusing on technique perfection, safety protocols, and customer service excellence.
- Coordinated with sales and marketing teams to participate in local automotive events and shows, boosting brand visibility and generating a 20% increase in client inquiries.
- Provided exceptional customer service, including consultation on wrap and tint options, care instructions, and addressing any post-application concerns, resulting in a 35% increase in repeat customer business.

PROJECTS

Tenant Space Restoration *Python, YAML, Linux*

Effectively tackled a crucial issue within the Verizon Virtual Cloud team by developing Python scripts managed via a YAML configuration file, leading to a substantial enhancement in the efficiency and optimization of Tenant Space server restoration within the Virtual Infrastructure Manager.

Bank Project *Java, Agile*

Led a dynamic mock project management setting, showcasing adept Scrum Master leadership for a sizable Agile Development team of 22 members. Collaboratively oversaw the creation of a GUI-enabled Virtual Bank with comprehensive customer records, exemplifying effective project coordination and teamwork.

Auction Website (Similar to eBay) *SQL, JavaScript, HTML, Apache Tomcat*

Designed and developed a robust online auction platform, including data modeling, database setup, SQL query formulation, and management of administrative and representative functions through a skillful blend of JavaScript, HTML, and SQLite technologies.

SKILLS

Programming Languages:	Java, Python, C, C++, Javascript, YAML, OCAML, Prolog, and C#.
IDE Tools:	Visual Studio Code, Openstack, Eclipse, PyCharm, Atom, VIM, and Arduino.
Operating Systems:	Windows, Linux, MacOS, iOS, Android.
Language Proficiency:	Fluent in English, Urdu, and Hindi. Conversant in said language dialects.
